DETAILED ACTION

Allowable Subject Matter

1. Claims 24 – 26 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 24, for example which include a retro reflector having a plurality of adjoining retro-reflecting section so that outgoing light is substantially parallel to the incident light and absorbing surface at the borders of the retro-reflecting section.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
